Application for Building Plan Approval & Issuance of Occupation Permit - Omission of dates in statutory forms & required documents

It has come to the Council's notice that a number of submitting persons submitted the required forms and documents with the omission of dates either done willfully or otherwise.

The Council was legally advised that the omission of dates in the Forms prescribed under the Schedule B ("the statutory forms") of Buildings Ordinance 1994 ("the Ordinance") or any other documents required under the Ordinance and its Building By-Laws does have legal implication in so far as the submission of these statutory forms and documents creates or imposes legal rights or liabilities on the submitting person and the relevant parties.

In view of the seriousness of its legal implication, all the statutory forms and documents that are submitted by the submitting person shall be dated accordingly. Any submission with the omission of such act shall be rejected by the Council with effect on the date of this circular.

Your cooperation to convey the contents of this circular to all the members of your organization will be very much appreciated.
